Statement from the Prime Minister of Canada

I am pleased to extend my warm congratulations to Éduc'alcool on celebrating its 30th anniversary.

Since its foundation, Éduc'alcool has done remarkable work to keep the people of Quebec informed, aware and educated when it comes to drinking and their relationship to alcohol.

This year has presented us with significant challenges, including the COVID-19 pandemic. I would like to take this opportunity to thank organizations such as yours for the valuable work you continue to do.

I hope that the upcoming contest in October will garner much engagement from people across Quebec and I wish you much success as you continue to make advances over the next 30 years.

I wish you my warmest congratulations!
